### **Contest submittal process**

1. Adam sends Veronica content for website contest, email copy to ECC Chair
2. Veronica posts content (as long as it's is approved by Town and Veronica has received everything she needs)
3. Send a quick text to Veronica to be sure that she received the materials, especially when there are attachments that may or may not go through.
4. Contest submissions currently go to Town GMAIL account, which is really not monitored because it's used mostly for GOOGLE CALENDAR. Official town emails are the ones that look like this: name/[title@townofpompey.org](mailto:title@townofpompey.org). So when Veronica knows that there is a contest going on and the deadline for submissions is happening, Veronica checks the GMAIL account. She has access to it for her needs with GOOGLE DRIVE for other Town business.
5. As the entries come in, Veronica downloads the images and gets them to Adam. Usually by GOOGLE DRIVE link.
5. Depending on direction from Adam, Veronica may upload all the images to the website so community can see all the entries.
6. Voting then happens, and Adam lets Veronica know the winners and she announces on website.
